Extra long, extra wide, particularly authentic

HARO Laminate Floor – The most beautiful wood styles, hard-wearing, easy to clean and easy to install. Naturally, this also characterises our Laminate Floor TRITTY 100 Gran Via 4V with its trend dimension of 2200 mm in length and a width of 243 mm. This board format, often used with parquet floors, makes rooms look particularly spacious. The characteristic look of Gran Via boards is emphasised by bevelled edges on all four sides. This way, the plank character is emphasised in an impressively vivid way – just like real parquet. Our Laminate Floor is the result of our 150 years of experience in wood processing. Also available with our innovative Silent CT – the world's quietest laminate floor

*Wood reproduction

Modern living quarters are free of opulent, constricting furniture. Less is more – more room, greater spaciousness, more openness. This effect is exactly what the extra wide and extra long format Gran Via 4V emphasises. Its dimensions and the contrast-creating bevelled edges on all sides create a **SPACIOUS ROOM APPEAL** and allows the eye freedom to wander.

The authenticity of oak styles in particular can be fully displayed with Gran Via 4V. The brilliance of oak is in perfect harmony with our largest format. Especially in large and light rooms, Gran Via 4V emphasises a feeling of **ENDLESS SPACE** and creates a calming and comfortable atmosphere that is underlined by the soft, velvety feel of the new soft matt surfaces.
